

MEET YOUR CANDIDATE

DAVID MEANEY

WHY ARE YOU INTERESTED IN SERVING ON COUNCIL?

I am Interested in serving on the Town Council to participate in helping the Town of Bay Bulls be a better, safer, attractive place to live for all of its current and future residents. I believe that everyone has a voice, and a right to be heard. By listening to our residents' ideas for our community, their concerns, and respecting their input on issues, we can move closer to achieving beneficial results for everyone from our youngest, to our most senior. I want to be a part of a Town Council that encourages economic development, and that can attract, retain, and promote the growth of new and existing business ventures in our community. I want to live in a Town that has amenities, and hosts activities that will keep our doctors, healthcare workers, youth, and young families here, working, engaged, and participating, while attracting new residents to our community. I want to be a part of a Council that is forward thinking, with a plan for the future, while preserving our history, and the qualities that cement our identity as a community.

I know what I want from our Town Council, but to be a good Councillor - you have to listen to the residents and fight for them and what they want and need. So, I would like to hear from you and what you want from your Town Council in the coming years.

WHAT ARE YOUR TOP PRIORITIES FOR BAY BULLS?

-Council Transparency and access, I will work towards better, easier access to information through our Town of Bay Bulls website, email, Social Media, and push for our Town Council meetings to modernize and be live-stream, instead of teleconferences to promote a deeper interest and easier engagement for residents in town affairs.

- Accountability for our tax dollars, I want you to know that we are being fiscally responsible and that our tax dollars are being used in the best interest of our town and its growing population.

- Food Security. Bolstering our community pantry by utilizing under-used town owned properties for community gardens. Where our residents can share knowledge, grow, harvest, use, and share the bounties with our families, friends, and neighbours.

- Enhancing our community gathering spaces, Here's where I need your help. I personally would like to see a space dedicated to a proper, full service, modern library space, and an open air stage where we can come together for community events and shows. Your input on ways that we can enhance and utilize our public spaces is important and I will enjoy hearing your ideas, and working to see how they can be implemented.

TELL US ABOUT YOURSELF?

Born here on the Avalon, the son of a Tradesman, like many young families in the late 1970's and early 80's my parents elected to move on to the then greener pastures of the mainland. I've had the privilege in those years away, of living in and working coast to coast to coast. Every day, longing to be Home again.

My Wife and I, together decided to make that a reality for me in the spring of 2021 when we got the keys to our new, storied old house, here in Bay Bulls. In the past, I have proudly Volunteered locally, with the Witless Bay Volunteer Fire Department, I currently spend my time involved in Service clubs here on the Avalon, my personal focus is primarily promoting Mens mental health, and Education. I am Married with Three children, a house full of Dogs, and a couple of Cats. I am a Professional Driver by Trade, Traditional Leatherworker, Visual Artist, and am currently working as an Assistant Postmaster.
